Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I don't know where I would be without
Madison pharmacy helping to compound hormones
to my individual needs. I have not been able
to tolerate synthetic hormones so Madison
has been a life saver & is helping me reverse
osteoporosis as well as manage other symptoms
related to menopause. I have not been able to
find this kind of facility in Minnesota
